

KBD1100 Series

Ultra Rugged Keyboard

The KBD1100 series is a ultra rugged milled aluminum keyboard, designed for tactical environments where reliability and performance are key. The keyboard comes in different configuration depending on use case.

Customizable

Are you looking for features and functions beyond the standard solutions offered by large commercial manufacturers? MilDef products are designed to enable customization to your specific program requirements, e.g. connectors, chassis modifications, mounting solutions, etc. Contact your nearest MilDef Sales Office and we will help you to find a solution that meets your requirements.

Guaranteed performance

All MilDef products come with comprehensive lifecycle sustainment support to ensure your equipment maintains peak performance for many missions to come. We also guarantee the availability of spare parts for 5 years after product end-of-life.

Features

- 83 key backlit keyboard
