

KBD200 Series

Rugged Mini Keyboard

The KBD201 (DB Mini KBD) is especially made for the DB cradle but works just as well to any other MilDef product with a USB port. With 66 backlight keys this lightweight keyboard will work just as good in the dark. The built-in left/right click with stick pointer also enables full mouse functionality.

Customizable

Are you looking for features and functions beyond the standard solutions offered by large commercial manufacturers? MilDef products are designed to enable customization to your specific program requirements, e.g. connectors, chassis modifications, mounting solutions, etc. Contact your nearest MilDef Sales Office and we will help you to find a solution that meets your requirements.

Guaranteed performance

All MilDef products come with comprehensive lifecycle sustainment support to ensure your equipment maintains peak performance for many missions to come. We also guarantee the availability of spare parts for 5 years after product end-of-life.

Features

- 66 key keyboard
- Integrated stick mouse
- Stick pointer with buttons
- IP55
