# 19"/2® 8-p Swtich PoE ESW301

### A breeze to use in any weather

The 19"/2 8-p Switch PoE ESW301 gives you eight high-performance Power over Ethernet ports. There's no need to configure the Switch before use – simply plug in your cables and you'll have power and data streaming instantly. The switch conforms to the IEEE802.3af standard for smooth integration with other PoE devices.

With a rugged case that has a protection rating of IP54 against rain and dust, you can count on long-term performance in any environment.

## Guaranteed performance

Our products always come with a lifetime support to ensure your equipment maintains peak performance for many missions to come. We also erve units and stock spare parts for 5 years after end-of-life.

#### Mounting

All 19"/2 units can be mounted together in several different ways:

- One 19"/2 unit can be mounted in a 19" rack
- Two 19"/2 units can be mounted together in a 19" rack
- Two or more devices can also be stacked on top of each other

# 19"/2® 8-p Switch PoE ESW301

| Technical Specification    |  |  |  |
|----------------------------|--|--|--|
| Description                | 8-port Power over Ethernet Switch  |  |  |
| Speed                      | 10BaseT and 100BaseTX  |  |  |
|                            | (Auto Negotiate)   |  |  |
| Duplex                     | Full duplex IEEE 802.3x flow control.<br>Half duplex back pressure flow<br>control |  |  |
| Managed                    | No, unmanaged operation via strapping  |  |  |
| Power over                 | Power over Ethernet standard   |  |  |
| Ethernet                   | IEEE802.3af on all 8-ports.  |  |  |
| VLAN                       | Not configurable   |  |  |
| Other features             | MDI/MDI-X auto crossover   |  |  |
|                            | Wire speed reception and   |  |  |
| L.L. C                     | transmission   |  |  |
| Interfaces                 | 8 x LAN 10 or 100 Mb/s (RJ45)  |  |  |
| (front)                    | 1 x DC In 10-32 V  |  |  |
| Power                      | 130 W (maximum)  |  |  |
| Consumption                | C 0     DO!  |  |  |
| Transient power protection | Surge & burst on DC in   |  |  |
| Case                       | Aluminium  |  |  |
| Dimensions                 | 220 x 182 x 44 mm (W x D x H)  |  |  |
| Weight                     | 2 kg   |  |  |
| Certifications             | Designed to meet IP54, MIL-STD-810 and MIL-STD-461                                 |  |  |
| Other                      | No fans  |  |  |

# Designed to meet:
